

Equity Determination

RPS is the most experienced Equity Determination Expert consulting group in the world, having provided Equity and Unitisation services to the industry continuously since 1986.

RPS' Experience in Unitisation and Equity Redetermination related work is both extensive and varied. Over the last 20 years RPS has successfully acted as Expert on 16 occasions and provided both strategic and technical support to companies preparing for Equity Redetermination negotiations on numerous occasions.

RPS staff has spoken as Expert Witnesses in the London High Courts

and drafted Redetermination technical procedures and processes for inclusion in Unit Operating Agreements. RPS has completed projects in 11 different countries on 4 continents, providing testament to our ability to provide and implement Expert advice on industry best practice, and, evidence of experience of Equity negotiations on a global scale.

What we provide

- High court expert witness
- Equity technical support
- Equity defence (technical strategic and procedural advice)
- Technical work to full sub-

committee representations, identification of key issues, quantification of alternative methodologies and risk assessment.

- Unitisation consultation (high level strategic advice regarding unitisation issues, review procedures for dispute resolutions within unit operating agreements)
- Valuation (reserves evaluation, feasibility studies, economic analysis, technical audits and due diligence, asset valuations and data room)
